DEMOCRATIC COUNSEL SECURE CERTAIN PROVISIONS.

The Taylor-De Priest Case Before the Patted States Authorities-Decree En ered by Judge Hughes-The Trial Af-

That the arrest of Mr. Robert Taylor, the Democratic registrar of the Second pre inct, Jackson Ward, by the United States authorities, was based purely upon political motives was clearly brought out in the preliminary trial yesterday afternoon before United States Commissioner Thomas At-kins, which was continued from last Tuesday. The case was postponed, according to agreement between counsel on both sides until Judge Hughes could reach the city and give his opinion upon the case—whether or not a Republican supervisor has the right according to the two sections bearing upon the question in the Revised Statute of the United States to demand from the Democratic registrar a copy of his registration books.

eratic registrar a copy of his Pegistrates books.

Mr. Clinton De Priest, the Republican supervisor, who demanded a copy of the books upon the authority of Chief Supervisor M. F. Pleasants, was present at the trial yesterday afternoon, and played quite an important part in the political fight before the Commissioner. So much so that he was called "down" by Jedge Atkins once or twice when his enthusiasm went so far as to prompt him to address the Court.

THE COUNSEL.

THE COUNSEL. Assistant-District-Attorney L. C. Bristow, represented the United States, and Messrs C. V. Meredith and James C. Lamb were exceedingly active and prompt in seeing that the municipal Democratic cause did not suffer, and they performed their duty well, for they made no compromise except that which they were forced to make by the decision of Judge Hughes, which is as follows: Assistant-District-Attorney L. C. Bristo

On complaint of Clinton De Priest, supervisor of elections for the Second precinct of Jackson Ward, in the city of Richmond, Valit is ordered by the Court sitting, under a thority of section 2012 of the Revised Status of the United States, that he, the said Clinton De Priest, be allowed access to the registration books of said precinct for the purpose of copying said books, as heretofore directed by the chief supervisor for the district aforesaid said copy to be made in the presence of the registrar, as may be consistent with the thorough performance of the duty devolved upor said supervisor.

ouch performance of the analy decay whice and supervisor.

It is further ordered that any delay whice may be caused by said registrar in the copying of said books small be reported forthwith to the Court for further action thereon.

Let a copy of this order be served upo said registrar.

SERVING THE ORDER. Promptly at 4 o'cock yesterday afternoon
Mr. De Priest walked into the office of Major T. E. Ballard, the deputy United States
marshal, and handed him a copy of the
above, and told him to serve it upon Mr.
Taylor, who was then in Judge Bristow's
office, where the court had assembled.
This was done, after which the trial was
commenced.

This was done, after which the trial was commenced.

Mr. Lamb stated in the offset that Mr. DePriest would be furnished with a copy of the registration books, provided the crimnal prosecution against Mr. Taylor was dismissed, saying that this was the agreement between the counsel on both sides.

Judge Bristow did not so understand it saying that he did not so understand it saying that he did not know whether or not the order of Judge Hughes would be executed, and if the prosecution was dismissed Mr. Taylor would not be responsible to the court.

Mr. Meredith very clearly explained that another arrest could easily be made; that Mr. Taylor, he knew, had no idea of about the country of t

Mr. De Priest suggested this residence the Deputy Marshal's office.

The counsel for Mr. Taylor promptly objected to this.

Judge Bristow could not see the object

tions to this.

Mr. Meredith arose and very sharply replied: "Mr. Bristow, it is no use for us to deny it; this is a political fight and it useless for you all to talk of any such place as a Republican officer's office or residence."

s a Republican officer's office or residence,"

All the while Mr. De Priest was very
estless, whispering first to Judge Bristow
hen to Major Ballard, and finally ventur
ng to address the Court. He busied himleft to decline to accept any proposition
nade by the Democratic counsel. Mr Lamb finally suggested the room adjoining the Circuit Court-room, formerly occupie by the City Democratic Committee. Judy Bristow, who seemed perfectly willing accept any fair proposition, saw no objection to this room. Mr. De Priest evasively replied that he thought the matter should be left to himself and Mr. Taylor, but afterwards said he would go over and look at the room.

DID NOT LIKE THE ROOM.

In a short time Mr. De Priest, accompanied by Mr. Taylor, returned and objected to the room for two reasons: It was to large and the stove too small. Mr. Taylor saw no objection to this place. Mr. De Priest then held a private consultation with Judge Bristow, at the conclusion of which the latter stated to the Court that he would sustain Mr. De Priest's objections to this place.

sustain Mr. De Priest's objections to this place.

Some time was spent after this in selecting a room, during which the marshal's office was again pressed, to which Mr. Meredith replied: "You all will save time by dropping this place. Under no circumstance will we agree to it. We will go to the penitentiary first."

Finally Judge Atkins suggested the Hustings Court-room. This was readily agreed upon by all except Mr. De Priest, who, after thinking awhile, said that it was too public a place. He wanted a room that could be locked and no one allowed to enter. He did not want any one present except Mr. Taylor. Finding, however, he was vasily in the minority, he with some reluctance yielded.

Then another trouble arose. The Democratic counsel wanted Mr. Michael Shortelle, the Democratic supervisor for Jackson Ward, to be present. This Mr. De Priest objected to again. Mr. Lamb stated that he wanted a copy of the books also, and wanted it made at the same time that the Republican one was made, for the reason he wanted a clerk present, and Mr. Shortell, who is a United States supervisor, to be present and look after this.

AGAIN OBJECTED.

Judge Bristow saw no objection to this, but Mr. De Priest adhered to his objections, and the former did not hesitate to tell him in substance that they were unfounded.

Considerable time was wasted upon this point, and it threatened to be even more difficult to agree upon than the piace of meeting until Mr. Lamb went to Judge Hughes, and with very little talk he ordered an amendment to be added to the above decree providing that Mr. Shortelle be allowed to assist in making the copy. Thus the matter, which might have been easily agreed upon in five minutes, after about an hour and a half was finally settled.

Ten o'clock this morning was the hour agreed upon at which to meet to begin the work, and the Democratic counsel agreed to obtain permission to use the room.

Mr. Taylor's counsel then asked that the prosecution be dismissed. Judge Adkins turned to Judge Bristow for a reply. The latter inquired of the counsel if the order of Judge Htghes would be executed. Mr. Meredith said it most certainly would so far as Mr. Taylor was concerned, provided Mr. De Priest would carry out the agreement just reached. Judge Bristow then stated that if Mr. Taylor failed to comply with the order of Judge Hughes he would be prosecuted both on the new and old charge.

On motion of Judge Bristow the prosecu-

order of Judge Hughes he would be prosecuted both on the new and old charge.

On motion of Judge Bristow the prosecution against Mr. Taylor was then dismissed.

This puts an end to this case, but opens the way for the Republicans to make copies of the registration books at all of the procincts if they so desire.

gagement at the Academy last night in Suppe's beautiful work, in three acts, "Boccaccio,"—The leading part, Flammetta, was sung by Marie Greenwood and the title role was taken by Mamie Taylor. Both have strong voices, the choruses were sung with good effect, and the ensembles were quite effective. The Cooper chorus and other numbers received enthusiastic encores. "Boccaccio" will be again sung at the matinee Saturday. To-night a new opera here, "The Furrier's Daughter," will be given.

The brilliant London gaiety burlesque, "Faust Up to Pate," will be given at the Academy of Music on November 5th, 6th, 7th and 8th. The play is a broad burlesque on Gounod's celebrated opera of Faust, and is one of the merriest performances imaginable. The music is beautiful—of the light and catchy order. The cast is made up of the best burlesque actors and singers in the profession. The scenery is carried complet; by the company, and the costumes are saft to be simply magnificent. Miss Kate Cas-

tleton plays the role of Marguerite, and has made the hit of her life. The original galety dancers will be seen for the first time, and will no doubt create as great a furore here as they have wherever the company has appeared. The entertainment is certainly first-class, and it has had a run of two years in one of the first-theatres in London.

The response was received last Monday, and will be read before the church next Sunday morning. In his letter Dr. Burrows expresses his sincere gratitude at the tribute of love and kind remembrance of his old church, which he served as pastor in the years gone by, and around which so may bappy memories of Christian work and fellowship cluster. Car No. 28, R. E. Gregory motorman, was coming in the opposite direction, and the accident is almost the same old tale, save that both the cars were supplied with guard-gates on the side next to the middle of the street.

As soon as the little girl was lifted to the ground she, in her anxiety to reach home before her uncle, darted around the back of the car just in time to be knocked down by the approaching car, the wheels of which passed over her left leg, and crushed from it all semblance of humanity. Her skull was badly contused and her whole body bruised and lacerated. The little sufferer was carried into her father's house, before whose very door the accident happened, and
